

Dear Friend,

This summer I will be participating in a SST at Youth With A Mission (YWAM) Tyler, Texas. For those of you who don't know, SST is a two-and-a-half week discipleship training program for 13-18-year-olds that gives answers to many of the questions confronting teenagers today. The first ten days will include quiet times, small groups, intercession, and classes on a variety of issues including: knowing God personally and hearing His voice, relationships, destiny and calling, and personal identity. The afternoons will be spent preparing for ministry and learning teamwork on the challenge course.

During the second half of my SST, I will be going to the city of Reynosa, Mexico for our mission trip. There we will be challenged to apply what we have learned during the lecture phase, gain cross-cultural experience, and see God's heart for the world. We will do this through dramas, dance, clowns, Vacation Bible School, and friendship evangelism in places like orphanages, youth prisons, plazas, and missions throughout the city.

Would you please pray about helping to send me on this life-changing adventure by sponsoring me financially and in prayer? Whatever you can give toward this will be gratefully received, however the Lord leads you. Thank you for considering this investment into God's work in my life and in the lives of those who have never heard the Good News.

Sincerely,
